VICE CHANCELLOR MESSAGE

When fertile ideas turn to instant realities with grueling hours of hard work and a strong resolve, these indeed leave us with a strong sense of satisfaction. Since the up-gradation of Liaquat Medical Institute from the status of college to the status of university, a series of institutions are incepted including institution of dentistry, department of information technology, nursing school, institute of bio medical technology, institution of physiotherapy & rehabilitation services. Today while mentioning these achievements in admission brochure of college of pharmacy, it's a matter of utmost pride that we have successfully added yet another wing to LUMHS.

Time is the most flightiest thing ever, it has never paused for anyone and with immense gratitude to Almighty I'd say successful innovative ideas are being added to achievement book of LUMHS by every passing moment. Having traveled through the past decade we could easily see how a single limited building of LUMHS has now widely expanded with many allied bio medical subject branches and yet the journey of triumphs is to be continued. I am confident that in upcoming years we will strive for yet more institutions to be founded and make this university an educational city which will be seat of excellence in imparting medical education. Pharmacy is an indispensable subject without which every physician is unable to prescribe treatment for patients. This field has rapidly enhanced from crude plant medicines of stone age to latest molecules with rapid actions and less side effects. With absolute certainty I'd say that the faculty of pharmacy will utilize all its potential to conduct and promote research and discover newer drugs to benefit humanity. I eulogize the efforts of Dr. Naheed Memon principal college of pharmacy for her untiring endeavors to initiate with a new set up.

I'd like to warmly welcome the students to our college of pharmacy and I expect from you all the hard work that will raise your integrity and status to a whole new level and will make you bright confident individuals who are able to achieve their educational goals with faith in their selves. I hope you all will benefit and optimize your potentials by the wonderful facilities we provide you with.

Prof. Dr. Bikha Ram Devrajani
Vice Chancellor
Liaquat University of Medical and
Health Sciences - Jamshoro.

PRINCIPAL MESSAGE

With immense rejoice and extreme pleasure, I, Prof. Dr. Naheed Memon, on behalf of Innovative college of pharmacy, grandly welcome all the aspirants and competitive pupil to our auspicious college of pharmacy. Pharmaceutical science, as a field, offers promising opportunities for its students to shine bright in the era of rapid development. Thus its always on a lookout for professionals equipped with contemporary skills. In order to meet the modern age demands, the college will ceaselessly be upgrading the facilities and infrastructure so as to enable the faculty to tune the students to prepare themselves for the challenging opportunities presented in pharmaceutical sector.

The faculty boasts of highly qualified and experienced teachers and the college has a very conductive academic environment. Adequate emphasis is laid on the development of an overall personality of the students for which co-curricular and extra- curricular activities are held from time to time in the college. We are proud to claim that our pupil are acquiring constant acknowledgment and recognition in various facets of the profession and are making their family, college and the society highly pleased. I hope they continue to strive harder and perform better in the years to come to complete with the current needs in various fileds of pharmacy.

I extend a warm invitation to all aspirants of pharmacy education to be a part of this endeavor.

Prof. Dr. Naheed Memon

1. COLLEGE OF PHARMACY

MISSION

The mission of the college of pharmacy, Liaquat University of Medical and Health Sciences is to educate, train, and provide life-long learning opportunities for students, pharmacists and other health care professionals, while creating, disseminating and applying new knowledge based on research in the , pharmaceutical, social and clinical sciences to enhance the quality of life through improved health.

VISION

LUMHS College of pharmacy strives to support the profession of pharmacy's vision for practice, research and education by providing an environment for development and appropriate use of medications for the welfare and safety of the public.

1(i) SCOPE OF PHARMACY

a) Pharmaceutical Industry:

An important career option in the pharmacy is represented by the pharmaceutical industry. Here, pharmacists are employed in manufacturing, product development, research, quality control, quality assurance, marketing, sales and administration.

b) Hospital and other Institutional settings:

The expansion of health care needs the society to put the hospital pharmacists in a position to have

direct involvement in the patient care, it also establish the roles of Drug purchases, control, supply & distribution of drugs, management functions, system development and planning.

C) Managed care Pharmacy:

Managed care is a system designed to optimize patient care through greater coordination of medical and pharmaceutical services. Managed care pharmacy services are extended health delivery system services that provide the pharmaceutical care at the primary or preventive level.

d) Community/Retail Pharmacy:

This area involves the practice of pharmacy in community settings or retail outlets. Pharmacists, in the community settings are actively involved in educating patients, maintaining and monitoring drug records and providing information resource of highest caliber.

e) Other fields in Pharmacy:

Pharmacists use their basic educational background in a host of federal, state and professional positions. At the federal or provincial level, pharmacists hold posts like drug inspectors, drug controllers, pharmacist/chief pharmacists at drug testing laboratories and also as Commissioned officers in Pakistan Armed Forces. Pharmacists with interest and special talents in organizational work also guide several national professional associations. There are pharmacists with legal training who are serving as patent lawyers or as experts in pharmaceutical law.

2. PROCEDURE FOR ADMISSION IN PHARM-D PROGRAMME

Application form for admission in 1st year Doctor of Pharmacy Program shall be submitted by the candidate after the advertisement in the leading newspaper.

Candidate shall have to mention NTS Entry Test seat number and result in application form.

Candidate who belongs out of tagged District of LUMHS shall have to submit Entry Test result certificate of His / Her respective selection center.

2.(i) ELIGIBILITY CRITERIA FOR THE CANDIDATES

The minimum educational qualification of the candidate for the admission to first year Doctor of Pharmacy program is:

- a) Higher Secondary Certificate Examination (HSC) Pre-Medical Group i.e, Physics, Chemistry and Biology with at least 60% of marks, any equivalent foreign examination from any other board or institution recognized by inter-board committee chairman (IBCC) Islamabad, as such with 60% of marks Candidate obtaining less than 60% marks in HSC (Pre-Medical) or equivalent examination are not eligible.
- b) Candidate for admission under the categories Merit/UEAP Self Finance/Overseas must be the permanent residence of Sindh province and have domicile of respective Districts of Sindh and his /her father must be holding domicile and PRC of same district or of Sindh Province, but not out of Sindh Province.

2.(ii) ELIGIBILITY CRITERIA FOR OVERSEAS.

- a) Secondary school certificate / o level equivalent certificate from IBCC.
- b) Equivalence Certificate of HSC (Pre-Medical) with a minimum 60% marks, from IBCC Islamabad
- c) Country Secondary School Certificate / Marks Certificate of Intermediate examination / level
- d) SAT-II examination score with minimum 550 marks in each of three subjects, of which two have to be Biology and Chemistry or MCAT with minimum aggregate score of 24.
- e) Valid TOEFL or IELTS with a score of 550 or 5.5.
- f) Candidate must be permanent residence of and have domicile of respective districts of Sindh province and his/her father must also be holding domicile and PRC of same district or of Sindh province, but not out of Sindh province.
- g) Candidates applying under the category of overseas Pakistani should submit the proof of his/her father /mother /parents working outside Pakistan,(from the embassy or consulate of Pakistan).

2.(iii) Rules and Formula for Working out Adjusted Marks and Overall Merit

The following marks will be added or deducted from the total marks obtained by candidate in their HSC (Pre-Medical) or Qualifying Examination in order to prepare the adjusting marks:

1. Ten (10) marks per year shall be deducted from cumulative score of three science subjects, if there is gap of more than two (2) years between the year matriculation and year of entry test.
2. In case the overall score of two or more candidate are equal, the candidate scoring higher marks in HSC (Pre-Medical/ Qualifying Examination) shall be ranked higher in merit for the purpose of Admission. If the HSC marks are also equal, the candidate securing higher marks in SSC shall be ranked higher in merit for the purpose of admission and if the SSC marks of two or more than two candidates are equal only then the candidate older in age shall be ranked higher in merit for the purpose of admission.

SSC Science/ 'O' Level / equivalent	10% weightage
HSC (Pre-Medical)	40% weightage
Entry Test	50% weightage

NOTE: Only science subject (Physics, Chemistry and Biology) will be considered HSC result for marking merit list.

EXAMPLE: If candidate has obtained following marks:

a) SSC Science/ 'O' Level or Equivalent	650/850	OR	76.47%
b) HSC/ W Level or Equivalent	440/600	OR	70%
c) Entry Test	300/400	OR	75%

Her/his merit will be calculation as follows:

a) Weightage for SSC / 'O' Level or Equivalent	$76.47\% \times 0.1 =$	7.65
b) Weightage for 'A' Level or Equivalent	$70\% \times 0.4 =$	28
c) Weightage for Entry Test	$75\% \times 0.5 =$	37.50
d) OVERALL MERIT	$(a+b+c) =$	73.75

All calculation in percentage will be rounded up to two decimal points.

Similarly the merit calculation of 'A' level or Equivalent candidate will be based on three science subjects (Biology, Physics and Chemistry) according to the IBCC formula given below for merit calculation.

A*-Grade 90/100

A Grade	85/100
B Grade	75/100
C Grade	65/100
D Grade	55/100
E Grade	45/100

Example of formula applied for merit calculation of candidates with 'A' Level or Equivalent Exam:

Biology	85/100
Physics	85/100
Chemistry	75/100
Total	245/300

Since the HSC (Pre-Medical Examination has 200 marks in each science subject (Biology, Physics and Chemistry) making a maximum total of 600 marks, therefore, the acquired and maximum marks of 'A Level candidate will be multiplied by two (2): $245 \times 2 / 300 \times 2 = 490/600$

Now 40% of 49 marks will be considered for weightage in the total marks for final merit list of 'A' Level or Equivalent candidate to be at par with HSC (Pre-Medical) candidate.
